

## **RISK MANAGEMENT FRAMEWORK & INTERNAL COMPLIANCE & CONTROL POLICY**

The Board determines the Company's "risk appetite" and is responsible for overseeing and approving risk management strategy and policies, internal compliance and internal control.

Management is responsible for ensuring effective risk management is being undertaken within the Company. The Company's process of risk management and internal compliance and control includes:

- a) continuously identifying and measuring risks that might impact upon the achievement of the Company's goals and objectives, and monitoring the environment for emerging factors and trends that affect these risks;
- b) formulating risk management strategies to manage identified risks and designing and implementing appropriate risk management policies and internal controls; and
- c) monitoring the performance of, and continuously improving the effectiveness of, risk management systems and internal compliance and controls, including an ongoing assessment of the effectiveness of risk management and internal compliance and control;
- d) identifying and managing contemporary and emerging risks such as conduct risk, digital disruption, cyber-security, privacy and data breaches, sustainability and climate change.

Within the identified risk profile of the Company, comprehensive practices are in place that are directed towards achieving the following objectives:

- e) effectiveness and efficiency in the use of the Company's resources;
- f) compliance with applicable laws and regulations; and
- g) preparation of reliable published financial information.

The Board oversees an ongoing assessment of the effectiveness of risk management and internal compliance and control.

The responsibility for undertaking and assessing risk management and internal control effectiveness is delegated to management. Management is required by the Board to report back periodically on the efficiency and effectiveness of risk management, inter alia, by benchmarking the Company's performance against industry standards.

The risk profile of the Company contains both financial and non-financial factors including but not limited to political, social, economic and environmental risks. Consideration will be given to whether the Company has a material exposure to any of these risks.

To mitigate/manage these risks, the Company has in place a broad range of risk management policies and procedures including competent management in all disciplines, an experienced Board, regular Board meetings, six monthly financial audits, rigorous appraisal of new investments and advisers familiar with the Company.

## **RISK MANAGEMENT FRAMEWORK & INTERNAL COMPLIANCE & CONTROL POLICY**

The Managing Director and the Chief Financial Officer (or equivalent, if applicable) are required in conjunction with the preparation of the annual report and the half yearly report required to be lodged in accordance with the ASX Listing Rules, to state to the Board in writing that, in their opinion, the financial records of the Company have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Company, and that the opinion has been formed on the basis of a sound system of risk management and internal control that is operating effectively.

Management is responsible for the ongoing management of risk with standing instructions to appraise the Board of changing circumstances within the Company and within the national and international business environment.
